

SAFETY DATA SHEET

OSHA HazCom Standard 29 CFR 1910.1200(g) and GHS Rev 03

LGM International, Inc.
09/05/2018 (Issue Date)

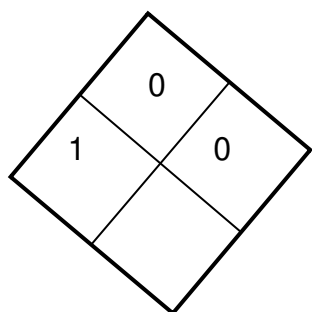

Safety Data Sheet (SDS)
MSDS-640-005

Liqui-PREP™ Cleaning Solution

Section 1 Identification:

Date Issued: 09/05/18
Replaces: 02/26/14
Manufacturer: LGM International, Inc.
285-A North Drive
Melbourne, FL 32934 USA
Information: (321) 254-0480
Emergency: (321) 615-0652

Section 2 Hazard Identification:

Health Hazard	Fire Hazard and Flash Points	Reactivity
4 Deadly	4 Below 23° C	4 May detonate
3 Extreme danger	3 Below 37° C	3 Shock & heat may detonate
2 Hazardous	2 Above 37° C, not exceeding 60° C	2 Violent chemical change
1 Slightly hazardous	1 Above 60° C	1 Unstable if heated
0 Normal Material	0 Will not burn	0 Stable

Section 3 Composition/information on Ingredients:

Hazardous Ingredients

Item	CAS No.	Percent	Agency
Contains no hazardous materials		>1% in Concentration	OSHA, ACGIH
Contains no carcinogenic materials		>0.01% in Concentration	OSHA, ACGIH

Section 4 First-aid measures:

- Skin Contact:** Remove contaminated clothing immediately. Wash the affected area of your body with soap and large amounts of water until no evidence of the chemical remains.
- Eye Contact:** Immediately flush eye with water for at least 15 minutes. If there is appreciable eye irritation, the individual should see a physician.
- Inhalation:** If affected by vapors, move individual to fresh air immediately. If breathing is difficult, administer oxygen. If breathing has stopped, give artificial respiration.
- Ingestion:** Get medical attention immediately

Section 5 Fire-fighting Measures:

- Hazard:** Not flammable or Explosive
- Flashpoint:** > 100° C
- Auto-Ignition:** N/T
- Temperature:**
- Flammability Limits:**
- in Air % by Volume:** N/T
- Extinguisher Media:** Dry Chemical, carbon dioxide or water spray

Section 6 Accidental Release Measures:

- Emergencies:** With large volume spills, leave the area quickly. Do not touch spilled materials. Designated individual should stop the leak and shut off ignition sources. Use water spray to reduce vapors, do not smoke, prohibit all flames or flares in the hazard area. Isolate the area until decontaminated.
- Disposal:** Please consult with state and local regulations.

Section 7 Handling and Storage:

- Conditions:** Store away from high heat and open flame. Store at ambient temperature: 10° C-30° C.

Section 8 Exposure Controls/Personal Protection:

- Ventilation:** General mechanical ventilation or general dilution ventilation to meet exposure limits.
- Personal Protective Equipment:** Wear a lab coat, gloves and eye protection.

Section 9 Physical and Chemical Properties:

Appearance and

Odor: Clear, odorless colorless liquid
Boiling Point: 100° C
Vapor Pressure: N/T
Vapor Density: N/T
Solubility in Water: Yes
Specific Gravity: 6.50 (BRIX @ 20° C)
Melting Point: N/T
Evaporation Rate: N/T
Water Reactive: No

Section 10 Stability and Reactivity:

Stability: Stable
Incompatibility: N/T
Hazardous
Decomposition: N/T
Hazardous
Polymerization: None

Section 11 Toxicological Information:

Skin Effects: Minor possibility
Eye Effects: Can cause irritation
Ingestion: Can cause gastrointestinal irritation
Inhalation: Not Reported
Chronic Effects
of Exposure: Not Reported

Section 12 Ecological Information:

Aquatics Toxicity: Material not known to be toxic to aquatic life.

Section 13 Disposal Considerations:

Please consult with state and local regulations.
